Summary

Hi! I'm Diego, a passionate AI and Machine Learning professional
with an international background spanning finance, biotechnology,
software, consultancy, government, and agriculture. I thrive
on transforming complex challenges into innovative solutions,
seamlessly blending technical expertise with strategic vision.
With a Master's degree in Data Science and Corporate Finance, I'm
well-prepared to spearhead transformative projects and empower
teams to reach their digital innovation goals.
Let's connect and explore how we can drive positive change
together!
